

PRESERVING the EPHEMERAL visual documentation for artists

PRESERVING the EPHEMERAL visual documentation for artists

Documenting and promoting your artwork can be daunting, if not exhausting.

As an artist specializing in photography and video, I understand this and offer two services to assist you.

Concise videos can focus on individual projects or provide an overview of your work as a whole.

High-resolution photographs emphasize minute details that might otherwise escape the attention of a casual viewer.

I will create a permanent record of your art and preserve those elements that only exist in a specific time and place, such as ambient sounds and the dynamic interaction of light and shadow.

I will document your art with the same level of care and energy that you put into its creation.
